

Saturday, July 12, 2014 – Friday, July 18, 2014

Note: Information in this update is intended to highlight the week's major grizzly bear management actions and is not intended to be a comprehensive detailing of all management activities. Information in this update is draft and subject to change as details from the field become available. Finalized annual reporting of this information is published in the annual report of the Interagency Grizzly Bear Study Team available at: <http://www.nrmssc.usgs.gov/products/IGBST>

Verified Grizzly Bear Killed Livestock

- Verified five (5) calves and one (1) yearling killed or injured by grizzly bears on Forest Service grazing allotments in the Pinedale Region.
- Verified one (1) yearling steer killed or injured by grizzly bears on private lands in the Pinedale Region.
- Verified two (2) yearling heifers as killed by grizzly bears on Forest Service grazing allotments in the Cody Region.

Research and Monitoring

- Conducted multiple grizzly bear observations flights; grizzly bears are utilizing moth sites.
- Monitored grizzly bear activity through remote cameras throughout northwest Wyoming; continue to monitor through radio-collar capture efforts.

Bear Management (Captures, Relocations, and Removals)

- Caught and relocated an adult male grizzly bear for depredating cattle on a Forest Service grazing allotment in the Pinedale Region. This was the target animal for several verified depredations the previous week.

Law Enforcement and Related Activities

- Nothing to report

Outreach and Education

- Section personnel ran an educational bear booth at the annual Pinedale Rendezvous days.
- Gave a bear safety presentation to boy scouts at the Buffalo Bill Boy Scout camp.

- Gave a bear safety presentation to staff and guests at the 7D ranch.
- Gave a bear safety presentation to students taking a summer program put on by the Powell Recreation District.
